Board Topics

The following Board Topics were submitted in response to the request for Rule changes. These are included for board discussion purposes.

1-Pitch Tournament

- a. Structure the teams for the 1-Pitch tournament using the last league standings before the tournament. The team in first place would be paired with the team in eighth place, the team in second place would be paired with the team in seventh place third place and six place teams would be paired together as would teams in fourth and fifth place. That would give us our four teams for the one pitch tournament
- b. Mid season 1 Pitch tournament: do a redraft of just players from the league that want to play...get at least 4 teams. Managers are from the top 4 teams with the best record at the time and we do a draft. Teams wear like color shirts.
- c. Preseason or Midseason 1 Pitch double elim tourney just for the 8 league teams. 5 or 6 Inning games to keep the early season wear and tear down. Doing it Preseason would be a great way for everyone to get some practice in before the Regular season and get a feel for their team where to position players in the field and batting order for the regular season.

Fall League

- d. Make the Fall league more Interesting by keeping Standings and having a one day single Elim playoff format at the end. 4th place vs 1st place at one field and 3rd place vs 2nd place at the other field. Both winners play in the championship game after the 1st games are finished.

Schedule

- e. Give each team 2 double headers earlier in the season before it gets hot on Thursdays only. This would free up a full week in the schedule either for more makeups or the mid season tournament.

Suggestions Requiring By-Law Changes

- f. Change age limit to 60
The committee is not recommending this change to the board
- g. Change the league structure so league members directly elect the officers (e.g. commissioner) rather than have the league members elect the board members who then select the officers.
The committee is not recommending this to the board

III. The meeting was adjourned at 8:21pm.
